

BRAINSTORMS

With Ferrin Cox

Thanksgiving Day was great for this country boy and wife Heddy! The meal was prepared by Heddy's (okay, and mine) son-in-law Tom, with an unannounced amount of help from daughter Michele. We took both my mother and Heddy's with us to Atlanta for the day. We were also joined by an aunt and youngest son Eric. The groceries and the fellowship were great, but it just doesn't seem fair to make a person who cooks for a living, feed a bunch of freeloaders on his rare holiday ... but we did it anyway and enjoyed every mouthful.

American troops in Bosnia. President Clinton has pledged 20,000 peacekeepers and is trying to sell the American public on the idea. Thus far, there is a lot of opinion that the U.S. should keep our young men and women safely at home. An example of this was seen Thanksgiving Day. The menu board of a restaurant closed for Thanksgiving and owned by a military veteran with vivid personal memories of Vietnam, addressed the issue. The sign facing a highly traveled highway read simply, "No American soldiers in Bosnia." We saw interviews a couple of weeks ago with two former military generals who have commanded peacekeeping troops in Bosnia for the UN. Both said the U.S. had no military business being there. One cited times when all three factors were shooting at his troops, who were only trying to prevent further bloodshed. Both did acknowledge that they only address the military view and not the political position of governments.

Bill Brunson resigned this week from the Elba City Council. He moved to their new home, which is out of the district. Alabama laws are so lax in this area that he could have completed the ten months left on the term without resigning. However, he chose to step aside and thus avoided a lot of debate and more public grumbling about Elba city politics. It would be very appropriate if, upon bumping into him downtown, at church or wherever, for the people of Elba to simply thank him for his unselfish service to our town.

Don't forget the Elba Christmas Festival is scheduled for Saturday, December 9th. This event continues to grow in importance to those involved. Anyone who wants additional information of any sort about this event should probably first call the Chamber of Commerce. Barbara may not know the answer, but experience has shown she knows the person for you to contact.

We have long suspected that polls were fun but had little validity. An article in U.S. News & World Report this week confirms our suspicions. An example was people being asked "to compare tennis to soccer and 65 percent say soccer is more exciting, ask them to compare soccer to tennis, and 77 percent say tennis is more exciting." Simply by inverting the choices, they reversed the outcome. Experts can get just about any response they want by using (or avoiding) certain catch words like excellent, crisis, etc.

The annual Children's Christmas Party held in the home of Circuit Judge Gary McAuley and his wife Janet, is planned for December 15th. This event has grown to the point it is costing in excess of \$5,000. Many folks help pay the cost of this worthy project. Children from throughout Coffee County are involved. If you would like to help, checks should be made out to The Children's Christmas Fund and mailed to 609 West College Street, Enterprise, AL.

FROM THE HOUSE

Congressman

It's All About a Balanced Federal Budget

I'm writing this column after having just returned from the floor of the U.S. House of Representatives to cast a vote in favor of the Balanced Budget Act of 1995.

President Clinton has vowed to make good on his threat to veto the balanced budget, saving "someone has to stand up for what is right for America." If he does veto the Balanced Budget Act, then he is not standing up for the American people, but rather, turning his back on them.

In fulfillment of its promise to the American people, the U.S. House of Representatives voted 237 to 189 on Friday to pass the long-neglected Balanced Budget Act.

This legislation sets up a seven-year budget plan to enable the federal government to balance its checkbook by the year 2002. This will largely be accomplished through federal program reforms and reduced federal spending growth. And this is not some Washington gimmick. The Congressional Budget Office (CBO) has confirmed that the Balanced Budget Act will work.

The American people have expressed their strong support for a balanced federal budget time and time again in poll after poll. They realize that no country can long survive by budgeting on an open-ended charge card. Nor can a nation endure if it passes its colossal debts onto the shoulders of its children and grandchildren. Such a practice is unconscionable and just plain criminal.

The Republican plan to balance the budget just doesn't stop at halting the crippling national debt. It also supports education by increasing student loan dollars by 50 percent

over seven years, up to \$36 billion by 2002. Eligibility and access do not change either. More loans will be available next year than ever in the history of the student loan program.

The balanced budget plan also saves Medicare from bankruptcy while increasing spending per beneficiary from \$4,800 to \$6,700 in seven years.

Despite White House scare tactics, the truth is Medicare premiums will be held at their current 31.5 percent rate. Today, the federal government spends \$178 billion on Medicare. In seven years, the federal government will spend \$274 billion on Medicare.

Just where are all those mean-spirited cuts in the Republican budget that the President and other liberals have been hand wringing over? Well, they're not in our budget.

In fact, over the next seven years the Republican budget allows for total federal spending increases of \$3 trillion. In addition, a balanced federal budget would result in a \$2,791 a year bonus for the average family of four through lower interest rates on home mortgages, car and student loans, and a \$500 per child tax credit.

Mr. President, the conservative Congress is poised to balance the federal budget without cuts in Medicare, without cuts in school lunches, without cuts in student loans, and without tax increases on the hardworking Americans.

We welcome your support in our effort to ensure a prosperous future for our children. When you're ready to stop pandering and demagoguing, and finally willing to put the country first, we'll be here.

Elba High School wins
Statewide Environmental
Education Grant

Elba's Morrow interim senior
vice-president at South Alabama

"Birds for All Seasons" is the environmental education project that won Elba High School a grant in the amount of \$2,500. Elba High School is one of sixteen statewide Legacy Environmental Mini-Grant recipients. The grant will enable project coordinators, Nadine Scarborough and David Stokes, the opportunity to provide a hands-on program for students in Elba that will heighten awareness, appreciation and understanding of birds and their place in the ecological balance of nature.

A portion of the Elba High School campus and a surrounding area of the campus will be designated as a sanctuary. An environment will be created by students and faculty that will provide for the study of birds, their migratory patterns, the diversity of nest building, egg size, coloring and study of plants that serve as food sources.

Community involvement will be encouraged to help with planning, assist with plant selection, and publicize the area as a meeting site. Participants in the project will become familiar with how nature maintains a perfect balance within a conducive environment, enjoy the sights and sounds of nature, and learn conservation measures such as planting to help control soil erosion.

After the camp time was over, the last stop of the day was at McDonald's in Montgomery for supper. This was a good ending to a fun day.

Afternoon activities could be selected from canoeing, fishing, bike riding, archery, basketball, and others. Each big buddy-little buddy team could select the activities they liked. There was time for them to enjoy several different activities, if they chose to do so.

This retreat is important to the "buddy relationship" because they learn about each other and to communicate and have fun. This is the beginning of their year working together and helps the buddies get off to a good start.

Veteran's Day Program

by Anna Stokes

The students of Elba High were very fortunate this year in having an excellent speaker for a special Veteran's Day assembly. Guest speaker, Dr. Kenneth D. Strong, graduated from the United States Military Academy in 1967 and holds a degree in Civil Engineering from West Point and a degree in Physiological Optics from the University of Alabama.

In a very patriotic and moving speech, Dr. Strong told the students of Elba High what Veteran's Day means to him. He spoke about his experiences in war and close military friends lost while serving our country. This assembly, sponsored by the Student Council, informed students about the history behind Veteran's Day and its importance today. The Student Council would like to take this opportunity to thank Dr. Strong for his inspiration and patriotism.

Views from THE PRESSBOX

By Ricky Mularz Sports Editor

What can be better than spending Thanksgiving dinner at Grandma's house? How about spending three days at Grandma's while munching down on home cooked goodies and watching lots of football on TV! That was the case last week as the Elba chapter of the Mularz family went to Mobile to spend a couple of days with Grandma and Granddaddy. I'll admit the rest of the local bunch got a little bored; however, Dad made the most of the holiday break and caught up on some rest.

ELBA TIGERS OPEN BASKETBALL SEASON WITH BIG WIN

The Elba Tigers did their best Forrest Gump imitation last week as they ran, and ran, and ran some more in posting an impressive 56-36 win over previously unbeaten Opp. A lack of height was obvious the moment the Tigers hit the floor, however, it made little difference as the Tigers used their quickness on both ends of the court to completely befuddle the visiting Bobcats. Elba's quickness was most noticeable on defense, where the Tigers stole and swatted away countless passes, and converted many of the steals into easy baskets on the other end of the court. Leray Smedley hit a trio of three-pointers to give Elba an outside scoring threat, and everyone on the team gave it everything they had whenever called upon. Elba's lack of a big man will no doubt hurt in some games down the line, but if the Tigers continue to use their quickness and keep on giving 110 percent for four full quarters, they could be the surprise team of the area this season.

BRANTLEY TITLE SEARCH ENDS IN GEORGIANA

The Brantley Bulldogs saw their search for a state football title come to an end last week in Georgiana as the highly-ranked Panthers blanked the Bulldogs 18-0, in the third round of the 2A playoffs. Brantley had several opportunities to put points on the scoreboard, but saw a number of passes fall to the ground incomplete, instead of being caught for big plays that could have made the difference in the outcome. The defense played as tough as ever, but while the Bulldog offense failed to come up with the big plays, the Panther offense made the big plays, and claimed the win.

Brantley players and fans were disappointed with the playoff loss; however, they should all be mighty proud of the season they had and should give a special thanks to Coaches Roland Jones and Roland Jones, Jr., who came back after a one year absence and revived the Bulldog spirit. Winning is a way of life at Brantley High School, and the success the football team enjoyed in 1995 will do nothing but add to its rich athletic history. Congratulations on a great season!

KINSTON AND NEW BROCKTON HAVE BUSY WEEK

While a lot of folks were filling up on turkey and all the trimmings, the folks from Kinston and New Brockton were working off their meals at the New Brockton gym yelling for their high school basketball teams. Both teams played three games during the holiday break, and while both teams went 1-2 in the tournament, the experience gained should pay dividends down the road. Here's a quick look back...

KINSTON (2-2) suffered two narrow losses in the tournament and closed out the week with a 2-2 state. The Bulldogs displayed good team quickness in the tourney, and also showed that they had several players that could fill it up from behind the three-point line. Losing two games by a total of three points should do nothing but make the Bulldogs even more hungry for wins, and this team could well be one of the best around.

NEW BROCKTON (1-2) lost two of three games in the tournament, but showed a real desire to win all three games and will be a team to watch before the season rolls along much farther. The Gamecocks have a definite lack of height, which played a part in both losses; however, New Brockton has quality guards, and as the rest of the team gains experience, more wins will come. The Brockton fans will just have to be patient, because the wins will come.

UMS-WRIGHT FALLS IN THIRD ROUND OF PLAYOFFS

I attended the playoff game between UMS-Wright and B.B. Comer Friday night in Mobile and got to see an offensive shootout as B.B. Comer claimed a wild 38-33 win. B.B. Comer's wide receivers and running backs were bigger than the UMS-Wright linemen, and faster than the UMS-Wright backs, and the result was an offense that went up and down the field, at will. UMS-Wright hung with the undefeated visitors throughout the game and almost pulled out the win, but fell short when a pass fell incomplete on the final play of the game. It would have been more fun if Elba had been one of the teams playing; however, it was quite a game to watch.

POLISH PROGNOSTICATOR PLOTS THROUGH PLAYOFFS

Ye Ole Polish Prognosticator was a little late bringing his picks by the office this week and declared it was past time for the high schoolers to hang up their cleats. I don't know if it was last week's 17-7 slate, or the fact no local teams are left in the hunt that caused the outburst; however, he did leave this week's picks by the office:

T.R. Miller 21 W.S. Neal 20
Alexandria 20 Cleburne County 17
Blount 21 Wetumpka 14
Hazelwood 28 Pickens County 0
B.B. Comer 33 Dadeville 20

Brantley's Moreo Jones (3) looks for room to run while teammate Fred Upshaw (7) looks for someone to block during Friday night's 18-0 playoff loss to Georgiana.

Brantley sees title hopes vanish in 18-0 playoff loss

By Greg Brunson, Sports Writer

The Brantley Bulldogs saw their hopes for a 2A state football championship come to an end Friday night in the third round of the playoffs as the powerful Georgiana Panthers capitalized on big plays to post an 18-0 win over the Bulldogs.

The Bulldogs began their first offensive series at the Panther 45-yardline following a short punt, and

quickly moved to the Georgiana 17, as on Brantley's first play from

pass simply went for an incomplete!

Georgiana's Rondale Williams recovered a Brantley fumble on the Bulldogs' first possession of the

second half, but the Bulldog defense was up to the task, and allowed only one yard in three carries to force a punt.

Georgiana got the ball right back after a short 12-yard punt, and this time mounted a scoring drive that was climaxed when Henry Gilmore rambled 15 yards to paydirt. A two-point pass was intercepted by Bo Daniels; however, the Panthers' lead was up to 12-0 with 3:47 left in the third quarter.

Gilmore wasted little time getting back into the endzone, as on Georgiana's second play of its ensuing possession, the speedy back broke loose and scampered 65 yards for a touchdown. A two-point try failed, but Georgiana was on top 18-0 with 1:32 still left in the third stanza.

The Brantley defense wasn't about to give up and caused a turnover on the Panthers next possession, as George Sealey drilled Rondale Williams and Pete Hill pounced on the loose ball for the Bulldogs.

Brantley quickly moved to the Georgiana 7-yardline on an Austin Cauley completion and it appeared as if the Bulldogs would finally get on the scoreboard, only to see a fourth down pass from Cauley to Wages ruled incomplete when

Wages lost control of the ball after coming down in the endzone.

Georgiana then ate up the final 5:14 of the game with an impressive 12 play drive, and claimed the 18-0 playoff win.

Georgiana's Henry Gilmore was the game's leading rusher with 128 yards on 17 carries, while Brantley was led by Moreo Jones with 68 yards on 15 totes.

Note: THANK YOU!! to the coaching staff, players, administration, cheerleaders and fans in Brantley for making me feel so welcome at all home games this season. The treatment shown me made this season a joy instead of a job!

er or not it was permissible, under the wage and hour law, to contract work to a county employee. It was not and Brooks' motion to rescind passed unanimously.

After several minutes of discussion, the commission voted 5-2 (Wendell Black and Bill Faulk voted against the motion) to authorize Cole overtime up to \$150 per month with the time being used to clean the mapping and appraisal building.

Following a 20 minute recess, the commission adopted a set of policies and procedures concerning drug and alcohol abuse.

The county attorney, Kenneth Fuller, commented, "Basically what this does is cover anybody who operates a county vehicle; any employee of Coffee County who transports any passengers; anybody involved in a reportable motor vehicle accident; law enforcement or administrative supervision of any place of confinement; and any employee who has reasonable suspicion of drug-alcohol use."

The policy calls for at least 25% of the county employees that fall in the above categories be tested within a year's time. All screening tests for drug and/or alcohol will be sent to the Alabama Reference Lab for analysis.

The county's policy was patterned after several others that are being used by other county and state

agencies. Fuller commented that the policy can be changed by the commissioners at any time should they desire to do so.

Before adjourning, Commissioner Lawrence Creel made a motion that part-time county employees be included in the 5% pay raise recently approved by the commission. The motion passed and will become effective in the next pay period.

Coffee County Humane Society to have Christmas Party

The Coffee County Humane Society will host a Christmas party for the animals at the animal shelter on Route 84 East on Saturday, December 9, 1995 from 10:00 a.m. until 3:00 p.m. Everyone in the Wiregrass area is invited to come and decorate the shelter Christmas tree with checks and cash. Let's see if we can raise enough money to keep the shelter open for another year. Refreshments will be served.

Rob Rhoades selected to serve as an Ag Ambassador for 1995-96

Rob Rhoades, a graduate student at Auburn University, has been selected to serve as an Ag Ambassador for 1995-96.

The Ag Ambassadors are a select group of agricultural students dedicated to enhancing the image of and the interest in the College of Agriculture and Auburn University. Ag Ambassadors were organized in 1983 for the purpose of serving as official student representatives of the College of Agriculture, the Alabama Agricultural Experiment Station, the Cooperative Extension Service, and Auburn University's Ag Alumni Association. The Ag Ambassadors work to recruit high quality high school and junior college students for the College of Agriculture. The Ambassadors collectively devote hundreds of hours of their personal time to activities and events that serve agriculture, including a Speaker's Bureau.

The Ag Ambassadors Speaker's Bureau is available to any organization in Alabama that is interested in Auburn University, the College of Agriculture, or agriculture in general. Ag Ambassadors welcome the opportunity to speak with youth organizations, alumni groups, high school assemblies, civic clubs, and farm or business-oriented groups. The organization provides campus tours for groups or individuals interested in any area of agriculture.

Rhoades has served as Ag Ambassador for five years and is presently serving as Social Chairman. Upon his graduation, he plans to pursue a career in the chemical industry. He is the son of Jim Rhoades and Myrna Rhoades of Elba.
